## **Who we are**

Founded in 2004, BLEN, Inc. is an SBA Certified 8(a) and VA Certified Small Business (VOSB) technology firm out of DC. We are known for building cutting-edge software solutions and mobile apps to help public agencies, non-profits, and enterprises to transform from using legacy systems to scalable modern digital services. We combine a human-centered design approach with Research, Design, Product, Security and Engineering and work closely with our clients to solve complex problems. We are entrusted to help build some of the largest Federal software projects including The United States Patent Office, The White House, GSA, HHS Head Start among others.

## **Core Competencies**

- **Software Development & DevSecOps**  
Software Development and DevSecOps work together to deliver secure, high-quality software faster and more efficiently
- **Mobile, Web & CMS**  
We help simplify complex websites by aligning business goal
- **Enterprise IT Modernization**  
We deliver custom tailored IT modernization services
- **Cloud Engineering**  
Manage and migrate data with Cloud-Agnostic and Cloud-Native solutions on AWS, Azure, GCP
- **Advanced Analytics**  
We use data informed decision-making by transforming raw data into actionable information
- **Human Centered Design**  
We collaborate with stakeholders and users to understand their needs

## **Differentiators**

- 18+ years of building cutting-edge technology and delivering value to our customers.
- Outstanding past performance with multiple federal and private sector customers.
- A technology leadership team that worked together for over a decade.

## **Past Performance**

BLEN, Inc. has a proven expertise in the public and private sectors:

- |                   |              |                 |
